Riot Gear

Hannah Johnson

So-

The four reverends went for a drive.

No shit,
they could marry people and everything.

Dave and Sheila were there too-
and the case of beer.

They stop to watch a line of cops
armed with helmets and shields

holding back
a crowd of students
with daisies and ideals.

Cruise by again later VERY trashed
"Fuck you motherfuckers!" the reverends shout.

Carload of Benevolent and Loyal Pessimists Arrested!
The underground headline, might have read.

After a night in a crowded cell
They get out,
Somehow-
details aren't clear.

Skip class,
take up a collection-
Bail Out the Four Reverends!

Buy more beer with the money.
